

RUTUJA UMESH KADAM

B.Tech – CSE IOT | Ghansoli, Maharashtra

✉ rutujakadam536@gmail.com | ☎ +91-9082652008 | 🔗 https://www.linkedin.com/in/rutuja-kadam-80004a3b0?utm_source=share_via&utm_content=profile&utm_medium=member_android |

OBJECTIVE

Motivated Cyber Security undergraduate with a strong foundation in Biology (96/100, HSC Board) and a genuine passion for AI in Healthcare & Biomaterials. Eager to contribute hands-on AI/ML skills to the CoE AI Lab at VJTI, applying interdisciplinary knowledge to develop intelligent healthcare solutions and biomaterial research tools.

EDUCATION

- **Currently Pursuing** :- 3RD YEAR ENGINEERING STUDENT IN CSE IOT (COMPUTER SCIENCE & ENGINEERING (IOT & CYBER SECURITY INCLUDING BLOCK CHAIN TECHNOLOGY)
- **Past Education:**
 - 1.HSC= 80.83% WITH PCMB SUBJECTS MAINLY 96/100 IN BIOLOGY IN HSC BOARDS MARKSHEET
 - 2.SSC=93.20%

• **Biology – 96/100 (Maharashtra HSC Board)** – Demonstrates strong understanding of life sciences, physiology, and biological systems

Physics & Chemistry – strong foundation in material science concepts

RELEVANT SKILLS

AI & Machine Learning Tools

- AI Platforms & Tools: ChatGPT, Claude, Gemini, Copilot – hands-on daily use for research, analysis & automation
- Prompt Engineering & AI-assisted research workflows

Technical Skills

- Programming: Python
C/C++ (basics),
JAVA
Javascript
HTML
CSS
MYSQL
- Tools: VS Code, Git/GitHub, Google Collab, Canva, MS Office Suite

Domain Knowledge

- Biology & Life Sciences: Cell biology, human physiology, biomolecules (HSC level – 96 marks)
- Healthcare AI: Understanding of medical imaging concepts, health data analytics, diagnostic AI
- Biomaterials awareness: Biodegradable materials, sustainability in healthcare contexts

CERTIFICATIONS & COURSES

- Google – Introduction to Generative AI (Google Cloud)
- Deloitte – Certificate of cyber job simulation
- Google Ads app certification

WHY COE AI LAB – VJTI

My academic journey began in the sciences — scoring 98 in Biology at the HSC board level reflects not just performance but a deep curiosity about living systems. While I pursued Cyber Security at the undergraduate level, my interest in healthcare never diminished. The CoE AI Lab's focus on AI for Healthcare & Biomaterials represents a rare intersection of my biological grounding, technical AI skills, and career aspirations. I am particularly excited about working with Jetson platforms for edge AI and exploring predictive modelling for healthcare outcomes. I believe my cross-domain background — biology meets cybersecurity meets AI — offers a unique perspective to the lab's research goals.

EXTRA-CURRICULAR & INTERESTS

- Active participant in college tech fests and AI hackathons
- Self-learner: regularly follows AI/ML research papers, healthcare AI blogs.
- Interest in science communication

DECLARATION

I hereby declare that the information furnished above is true and correct to the best of my knowledge. I am enthusiastic about contributing to the CoE AI Lab's mission and am available for a minimum duration of 7 weeks as required.

Date: 30/05/2026
